BROADHEAD

Little has been said in our letters on the subject of good roads, and to some of the Signal readers it might appear that Broadhead people are not interested along this line; but those who know us better know that Broadhead has always been ready to grasp every good opportunity that has been presented whereby we can better our condition and those around us. True many of us were opposed to the issuing of bonds to build these roads, and only from the fact that we could not see far enough in the good future to know what we were doing, but now under the present existing road laws it is easy for any one to see that so long as this law is valid that we should avail ourselves of this grand opportunity, and build pikes at least thru

the county in two directions. We feel that a good step now to take would be to call an election for the purpose of the voters expressing themselves on the subject of issuing bonds, and in as much as we can now get an appropriation from the state equal to the amount that we set apart for this purpose, we feel that every voter who has the advancement of his county at heart would not only cast his vote for it, but would be willing to donate his energies to make the much talked of Boone Way a splendid pike. Now that our people can see that it is possible to accomplish these results, and while we have a chance to avail ourselves of every dollar that the State Aid Road Law provides, we feel that no time should be lost in laying foundation for the most needed improvements that any county can

enjoy. We endorse our Fiscal Court in the steps already taken, and assure them of our hearty support.—The much talked of light plant for Broadhead has taken on new life again, and we hope to soon see steps taken to bring this much needed improvement into existence. There is no reason why that it can not be made a paying proposition here as well as elsewhere, and with only a small outlay for machinery. We have the power to run a plant and why not use it.—Mr. and Mrs. J. E. Carter are visiting relatives in Owen and Shelby counties, and will probably spend the holidays there.—Mrs. John Gaylor, of Rock-hold, mother of Mrs. R. S. Shivel and Mrs. A. J. Leece, of this place, died at her home Tuesday of Typhoid. Her son died a few weeks ago at Pineville from

the same disease. Mr. and Mrs. Shivel and Mrs. Leece left Tuesday night for Rockhold, where the funeral was held Wednesday afternoon.—Dr. and Mrs. W. Carter were visiting relatives in Shelbyville during the week.—Lewis McAdams sold a small farm to Arthur Robinson for three hundred dollars.—H. C. Wolf, the cross-tie man from Berea, was calling on Judge Haggard Wednesday and Thursday.—On Christmas evening a play will be given by the members of the Hamiltonian Society, entitled "The Ice Man". This is a good selection and is sure to please.—Remember the date.—Mr. and Mrs. John Robins were in Crab Orchard Wednesday.—Mr. and Mrs. Chas. Pike, of Corbin, were the guests of his parents, Rev. and Mrs. A. J. Pike during the week.—H. E. Christie has moved his family to the A. J. Pike home, and Mr. and Mrs. Chas. Middle now occupy the residence vacated by Mr. Christie.—Miss Miranda Tate returned the first of the week from a visit to friends in Danville.

LIVINGSTON.

Mr. and Mrs. I. W. Catlin visited Mr. Catlin's Parents at Lebanon Sunday.—The Livingston Lumber Co. started their saw mill Monday. They broke some piece of machinery and have been waiting for it.—The new blocking system thru Livingston will be put in operation this week. This will be a great improvement in railroading.—Wm. Hicks informed us that advertising was the thing and that at last he thought he was sure of a partner now, for the last week the mail had been flooded with letters from all over the state on a matrimonial subject and also several applicants had come in person. He said they run in age from 60 to 90 years, some were old maids and some widows' some had families ranging from 8 to 12 children. He said one came with 12 children and her mother but Hicks said he always had a distaste against a mother-in-law and they could not make the deal. He said when one came that filled the bill he intended to make a grand feast and invite in all the widows and widowers.—The latest thing out is the Livingston Brass band, composed of the following members: Messrs W. A. Rice, John Lear, Hobert Griffin, Fred Baker, C. J. Rice and Maurice Cottongim. The boys have only been practicing a few days and we want to say they make splendid music. We think in just a little while it will be second best to none but will be in the lead. Say Mt. Vernon come on with your trumps. We have you now.—Our old friend S. C. Franklin, L. & N. watch inspector of Mt. Vernon was down Tuesday but was very quiet while here, knowing the threats that had been made and being on the enemies territory. We were sure Mr. F. would give us the name of our hidden enemy but he claims that he is on neutral ground and he remains silent.

There are some real estate men here and they in connection with Mr. J. W. Sams are surveying and laying off lots on the tract of land that Mr. Sams purchased some time ago. Now is the chance for a man that wants to come to one of the best little towns in Eastern Kentucky where better people never lived, where the advantage of a graded school is to be had, where there is a church to suit almost any one viz Baptist, Christian and Presbyterian. Where the climate is ideal, the winters never too cold and in summer the cooling breeze off of the basin of the placid waters of the beautiful picturesque Rockcastle river in whose waters thousands of game fish await the fisherman, where Boone Way will in the near future pass where not many years ago stood pole cabins and shacks where now stand beautiful frame cottages and brick business houses where the Masonic order and the Junior order are represented and each have their own hall, so you see if our little town is in the mountains yet we are blessed with some of the best earthly gifts.—Died Saturday,
